

country are church members-" "It costs \$668 22 every minute during the year to run our government."

"Uncle Sam's farms constitute one-fifth of the National wealth."

"Nearly one-half of the 8,000 000,000 letters making up the world's annual mail, belong to the United States." These are but instances of the thousands of wonderful facts about every phase of the life and progress of our country, from an illustrated article on "The Greatest Nation on Earth," by William George Jordan, to appear in the July number of the Ladies' Home Journal. The article pictures in a novel way, America's vast area, her matchless resources, boundless wealth, her marvelous development, and shows how the United States leads the world.

The July number of the HOMILETIC Review makes an excellent beginning of Volume XXXIV of that standard periodical. It opens with an article on "The Training of True Preachers," by thrt prince of preachers, Dr. Joseph Parker, of the City Temple, London. Dr. W. W. McLane of New Haven, Conn., author of "Evolution in Religion," takes up "The Case of Theology *versus* Science," and shows how fundamentally vicious are the principles assumed in such works as ex President Andrew D. White's "A History of the Warfare of Science and Theology in Christendom." In an article on "The Pulpit in a Republic," Dr. Carlos Martyn, the author of many books, presents a practical and helpful discussion of the special importance of a pulpit in a country having republican institutions, and dependent for its continuance on right views and sentiments in the people. In "Our Anglican Review" Archdeacon Sinclair treats of "The Revival of the Diaconats," and in "Light on Scriptural Texts from Recent Discoveries," Prof McCurdy, the Assyriologist, author of "History, Prophecy, and the monuments," continues "The Story of the Creation," drawn from the monuments.

We have not space to speak of the excellency of every department of the Review. The Sermonic, Exegetical and Expository, and Editorial Sections are of more than usual interest.

Taking the present number of the Review as a whole, it furnishes an unequaled repository of timely, incisive, profound and far-reaching homiletical and practical thought. Published monthly by Funk & Wagnalls Co., 30 Laafayette Place, New York. \$3 00 a year.

#### HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

#### WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfils every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention BRETHREN EVANGELIST, and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
